Re: NEW(FM); Holderness, NH
Facility ID No. 174186
New Hampshire Public Radio, Incorporated
BNPED-20071019ALH

Dear Applicant:

This letter refers to the above-captioned application for a new non-commercial educational FM facility to serve Holderness, NH.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.509 with respect to the co-channel Class A license (BLED-20061113ACV) for WLJH(FM), Glenn Falls, NY and the co-channel Class A previously filed application (BPED-20070907ABK) for WLJH(FM), Glenn Falls, NY. Specifically, the proposed protected and interfering contours (60,40 dBu) would cause and receive prohibited overlap in relation to WLJH's licensed and proposed protected contours. This constitutes an acceptance defect.

In light of the above, Application BNPED-20071019ALH is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
